

Fixed Monitor Mount

Flat Profile | Universal Fit

Simplify the installation of a computer monitor in any compatible CarePod™ Wall-Mounted Workstation with our fixed monitor mount. Attaching to the preinstalled top and bottom horizontal interior tracks, the mount secures any compatible monitor at the desired fixed height, creating a more comfortable workspace for caregivers.

Features:

- Compatible with 75mm and 100mm VESA standard patterns
- Supports monitors up to 27 inches and up to 8 pounds
- Easy installation—just mount your monitor, hang, and fasten into place

Compatible with various monitor sizes

Supporting EHR workflows in today's caregiving environments, our fixed monitor mount facilitates installation in any compatible CarePod Wall-Mounted Workstation. Designed to accommodate a range of monitor sizes, the fixed mount makes it easy to customize the workspace for more comfortable access.

Simply attach the back of the monitor (using its rear 75mm or 100mm VESA pattern) to the mount plate, hooking it onto the interior top horizontal track of the CarePod. Then firmly secure the mount into the interior horizontal bottom track using the provided hardware.
