Deliver dependable beer service with the Black Diamond Double Tap Beer Dispenser, engineered for commercial efficiency and durability. Featuring a black vinyl and stainless steel construction, the dispenser provides 7.8 cu. ft. capacity to accommodate kegs, cans, or bottles. Maintain ideal beverage temperatures from 33° to 40°F with fully automatic controls, while a manual cleaning feature supports easy maintenance. Ready for freestanding installation, this system ensures reliable performance in bars, restaurants, and pubs.

FEATURES AND CONSTRUCTION

- Capacity of 7.8 cu ft accommodates a half-barrel keg, cans, or bottles for flexible beverage service
- Features a rear-mounted 1/6 HP compressor cooling system designed for optimal refrigeration performance
- Constructed with a laminated black vinyl exterior and stainless steel interior for durability and lasting performance
- Maintains a consistent 33° to 40°F temperature range for ideal beverage storage and dispensing
- Hinged plastic-coated steel door with left swing, recessed handle, and integrated lock for secure access
- Includes adjustable shelving to maximize storage flexibility for kegs, cans, or bottles
- Equipped with four 4" locking casters for easy mobility and stable placement in high-traffic commercial environments
- Integrated door lock ensures product security for commercial installations
- Double tap tower supports efficient, reliable draft beer dispensing for high-volume service

STORAGE CAPACITY

- Cubic Feet: 6.5 cu. ft.
- Half Barrel Keg: 1
- 12 oz Cans: 30 6-pks, 12 oz Bottles: 42 6-pks

TEMPERATURE

- Holding Temperature (Fahrenheit): 33° - 40°

These models are designed to operate in an environment where temperature and humidity do not exceed 75°F (24°C) and 55% relative humidity
