About USB 3.0 and USB 3.1 Gen 1

USB 3.0 is also known as USB 3.1 Gen 1. This connectivity standard offers speeds up to 5Gbps. Any mention of USB 3.0 in this manual or on the StarTech.com website in relation to MSDFCRU3LT refers to the 5Gbps USB 3.1 Gen 1 standard.

Note: Data transfer rates are dependent upon the speed of the memory card you are using and the speed capabilities of the USB port on your device.

Connecting the card reader/writer

Lightning connector (iPhone, iPad or iPod)

Notes:

- The card reader/writer uses the StarTech.com iCardReader application to access files in the iOS platform.
- Only microSD cards formatted in FAT32 and exFAT file formats are supported by iOS and the StarTech.com iCardReader software.

1. Slide a memory card into the microSD card slot on the card reader/writer, and gently push down until the microSD card clicks into place.

Note: To remove the microSD card, gently push down on the top of the card until it clicks out of place, then slide the card out of the microSD card slot.

2. Connect the built-in Lightning cable to the Lightning port on your iPhone, iPad or iPod.

Note: If you haven't installed the StarTech.com iCardReader application, an **App Not Installed** notification appears on your screen when the cable is connected. Follow the on-screen prompts to visit the App Store and install the application.

3. Press the **StarTech.com iCardReader** icon on your home screen to launch the application.

4. Press the **External** icon to access your microSD card.

USB Type-A connector (computer)

Note: When connected to a USB-enabled computer, this device is OS independent and doesn't require any additional drivers or software.

1. Slide a memory card into the microSD card slot on the card reader/writer, and gently push down until the microSD card clicks into place.

Note: To remove the microSD card, gently push down on the top of the card until it clicks out of place, then slide the card out of the microSD card slot.

2. Insert the card reader/writer's built-in USB 3.0 plug into a USB Type-A port on your computer.

Note: When you connect the card reader/writer, your system automatically detects and installs the required drivers.

3. To access the content on the microSD memory card, follow the instructions specific to the OS that you're running.

Disconnect the card reader/writer

Caution! If you remove the card reader/writer before it's safe to do so, you could experience lost or corrupted data on your memory card.

iOS (iPhone, iPad, iPod)

1. Ensure all active data transfers have been completed on the StarTech.com iCardReader application.
2. Close the iCardReader application.
3. Disconnect the card reader/writer from your iPhone, iPad or iPod.

Windows (computer)

1. On your desktop, click the Safely Remove Hardware icon.
2. In the list that appears, click the card reader/writer.
3. When a message appears saying that it's safe to do so, disconnect the card reader/writer from your laptop or desktop computer.

macOS (computer)

1. Close any open windows that list the contents of the card reader/writer.
2. On your desktop, click and drag the USB storage icon to the trash can icon.
3. Wait ten seconds and then remove the card reader/writer.

FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by StarTech.com could void the user's authority to operate the equipment.

Industry Canada Statement

This Class A digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe [A] est conforme à la norme NMB-003 du Canada.

CAN ICES-3 (A)/NMB-3(A)

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders. App Store is a trademark of Apple Inc., registered in the U.S. and other countries.

Warranty Information

This product is backed by a two-year warranty.

StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.
