**Warning** To safely collapse the airer, take hold of the top and unclip one side.

Keep hold of the top of the airer as you unclip the other side and slowly push it to the ground.

To avoid damage and improve the longevity of the airer, we recommend following the care and use instructions:

Take care not to trap hands when opening and closing the airer.

Never move the airer once laden.

Never drag the airer as this will place unnecessary strain on the legs.

Always load the airer evenly, starting from the lower bars.

Be careful not to overload the airer.

Distribute weight evenly across the airer.

Holds up to 15 kg of wet washing.

Only use the airer indoors.
