

FIFRA Section 2(ee) Recommendation

For Control of Spotted Lanternfly on Roses, Flower Gardens, Shrubs, Ground Covers, Lawns, Around Homes, Vegetables, and Flowers in all states except CA and TX.

BioAdvanced Science-Based Solutions Rose & Flower Insect Killer Ready-to-Use

EPA Reg. No. 92564-18

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the US Environmental Protection Agency. This recommendation must be in the possession of the user at the time of pesticide application.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Spotted Lanternfly, adjust nozzle to desired spray pattern. Hold sprayer about 12 inches from foliage. Spray leaves, stems and tender new shoots. To kill insects that may hide, spray the underside of the leaves. Apply until leaves are evenly coated with spray, but not dripping.

Follow all other label directions, restrictions and precautions on the product label.

ALWAYS READ AND FOLLOW LABEL INSTRUCTIONS

This FIFRA Section 2(ee) recommendation contains new or additional directions for use of this product, which may not appear on the package label. Read and observe the precautionary statements plus all other information appearing on the product labels. For Utah and Washington, this recommendation is not required to be in the possession of the user at the time of pesticide application. For all other states, this recommendation must be in the possession of the user at the time of pesticide application.
