

Earthen Elevage

## Where Character Meets Craft

In winemaking, the first press yields a highly refined product with its best characteristics on display. This collection captures that same philosophy in European white oak, showcasing the most expressive grains and character. Artisanal surface finishing creates smooth, sculpted textures that invite touch. Enhanced figuring brings depth and movement to grain patterns while contoured knots and bevels celebrate imperfect beauty.

### Sculpted for Touch

Specialized contouring creates a butter-smooth surface that celebrates the wood's natural character. Each plank is artisanally finished to bring dimensional depth to grain patterns while softening knots and edges.

### Crafted for Lasting Performance

A multi-layer plank design provides better dimensional stability than solid hardwood. European white oak veneers are strengthened over a foundation of sustainable timber, for floors that resist expansion while maximizing yield from each tree.

### Made for Healthy Homes

All wood is Lacey Act certified to preserve forest health, and planks are low-VOC, FloorScore certified, and CARB/TSCA compliant to maintain optimum home air quality and wellness.

<b>Construction</b>	Engineered Hardwood - Green to the Core
<b>Species</b>	European White Oak
<b>Plank Length</b>	Random Length up to 86¾"
<b>Plank Width</b>	9½"
<b>Plank Thickness</b>	½"
<b>Sqft./Box</b>	28.42
<b>Texture</b>	Wire Brush
<b>Gloss</b>	Matte
<b>Veneer Thickness</b>	2mm, Sliced
<b>Bevel</b>	Micro
<b>Milling</b>	Tongue-and-Groove
<b>Finish</b>	8 Coat Aluminum Oxide
<b>Attached Pad</b>	N/A
<b>Certification</b>	FloorScore®
<b>Installation</b>	Float with T&G Glue, Glue Down, Nail Down
<b>Application</b>	Residential, Commercial
<b>Warranty</b>	50 Year Residential, 15 Year Commercial
