

The TSS-LM-Arm o-2-1 from Novus includes QuickRelease monitor mount and a two-part LiftTEC[®] support arm. With a range of 10.83", the TSS-LM-Arm allows for monitor rotation and tilt/turn angle with the Quick-Release monitor mount. Strong enough to hold from 18 to 33 pounds, the TSS-LM-Arm is a highly versatile monitor support.

Available for TSS Column Mount, SlatWall Mount, or Wall Mount.

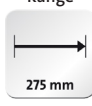

Cable clips are included to maintain a neat, organized appearance.
