---

Story has always been important to us. It is what has driven us from the very beginning and it is what continues to inspire us today. Our story begins with porcelain tiles, surfaces that are both technically excellent and beautifully satisfying to the eye. Purity is a testament to our commitment to creating products that are both functional and aesthetic.

The Purity Collection enhances the marble look with a melodious purity, a true embodiment of expressive force and poetic elegance that brings harmony to their surrounding environments. Designed to enhance environments with the refined essence of the most noble marble, this collection inspires elegant and sophisticated atmospheres.

## Material

Porcelain

## Product Characteristics

Breaking Strength (ASTM C648 or ISO 10545-4)	≥300 lbf
Chemical Resistance (ASTM C650 or ISO 10545-13)	Not Applicable
DCOF	≥0.42
Deep Scratch Resistance - Unglazed (ISO 10545-6)	Not Applicable
Frost Resistance (ASTM C1026 or ISO 10545-12)	Resistant
Mohs Hardness - EN101	Not Applicable
Water Absorption (ASTM C373 or ISO 10545-3)	≤0.4%
Certifications	Greenguard, Green Squared
Country of Origin	USA
Shade Variation Code	Not Applicable

## PORCELAIN CARE & MAINTENANCE

### INITIAL CLEANING

Proper cleaning after installation is essential for future maintenance. Remove excess grout using clean water and a sponge. If grout leaves behind a white haze, it can be wiped off using a clean cloth after grout has cured. Stubborn residue may require the use of a grout haze remover solution or neutral detergent. Thoroughly rinse the area with clean water and dry with a clean towel or wet vacuum.

### ROUTINE MAINTENANCE

Immediately wipe up any spills and clean the area using a damp cloth or sponge. Remove loose soil using a broom or vacuum. To remove stubborn surface debris, use a scraper or putty knife. Wipe the area with a PH-neutral and soapless cleaner. Rinse with clear water and wipe dry to prevent residue. Do not use cleaning wax, oil-based cleaners, ammonia, sealants, or products containing acid or bleach for routine maintenance. Avoid using abrasive cleaning products such as steel wool.

WHEN IT MUST BE GREAT.

WHEN IT MUST BE READY.

WHEN IT MUST BE EXTRAORDINARY.

WHEN IT MATTERS MOST.
