

PREMIUM ADVANCED FULL-MOTION XL TV WALL MOUNT

*High-end performance meets
high-end design.*

The Advanced Full-Motion TV Mount combines aesthetics with robust functionality inspired by modern TVs and high-end kitchen appliances. Its brushed metal exterior conceals a solid steel frame for maximum support, guaranteeing your TV's security. With a lower profile depth than traditional mounts, it brings TVs closer to the wall for a streamlined appearance. Although this mount is currently rated for TVs up to 95", we have confirmed compatibility with key models up to 100" (see below to ensure compatible models)

Large TV? No problem. The VXF730 is compatible with the popular models below as well as all TVs with a VESA pattern up to 600 x 400 and 175 lbs. Visit MountFinder™ on LegrandAV.com to ensure compatibility.
