

Look Mom, NO HANDS!

**THE ONLY CYCLE TOOL THAT
NEEDS NO HANDS!**

With the AutoSense Cycle Tool, you can
adjust your bike's chainring and cassette
without ever touching them.

AutoSense Cycle Tool

1. ADJUSTING

Adjust the chainring and cassette
without touching them. The
AutoSense Cycle Tool uses a
sensor to detect the position of the
chainring and cassette.

2. ADJUSTING

Adjust the chainring and cassette
without touching them. The
AutoSense Cycle Tool uses a
sensor to detect the position of the
chainring and cassette.

3. ADJUSTING

Adjust the chainring and cassette
without touching them. The
AutoSense Cycle Tool uses a
sensor to detect the position of the
chainring and cassette.
