# WHAT AM I?

## CONTENTS:

108 Cards

## OBJECT OF THE GAME:

Be the player with the most  
Cards at the end of the game.

## HOW TO PLAY:

1. Shuffle the deck of Cards and place them face down in the middle of all players.
2. The oldest player begins the game by drawing a Card and selecting one of the three topics from that Card. That player then announces to the other players whether the topic is an Animal (A), Vegetable (V) or a Mineral (M).
3. One at a time, all other players may ask Player 1 questions to help them guess the correct topic. Questions must be asked so that the answer is either "yes" or "no." (For Example: "Is it a person?" "Is it smaller than an egg?")
4. Players may guess the topic at any time during the line of questioning. If a player guesses correctly, that player gets to keep the Card and a new round begins with the player to Player 1's left drawing a Card. If a player guesses incorrectly, that player is out of the round and the other players may continue asking questions.
5. If no player is able to guess the topic after 20 questions are asked, Player 1 gets to keep the Card and a new round begins with the player to Player 1's left drawing a Card.

## WINNING THE GAME:

At the end of 10 rounds, the player  
with the most Cards is the winner.
