Game Instructions

3 HOLE WASHER TOSS

Preparation:

On level ground set the 3-hole washer toss boards 10 feet apart from front edge to front edge of the boards.

You may move target boards closer or further depending on player skill level.

Game Rules:

Determine which player/team tosses first to start the game.

Each player/team tosses 3 washers per round. Play continues alternating players until each player has tossed their three washers.

With four players, team members stand beside opposing target boards facing each other.

Players must throw from behind the front edge of the nearest target board. There is an imaginary foul line along the front edge of each target board. If a player crosses the foul line while in the process of throwing the throw does not count and the washer is removed from play. Each team alternates throws beginning with the team that scored the most points from the previous round.

Scoring:

Points are scored when a player lands a washer in the hole.

Top Hole = 3 Points

Middle Hole = 2 Points

Bottom Hole = 1 Point

No Score - washers that miss the hole or bounce off the ground do not count in scoring.

First Player/Team to reach 21 points wins!

NOTE: Remove legs before attempting to insert into storage bag. All game components including the washers and legs should be stored inside the storage bag.

NOTE: This game should be played outdoors but must be stored in a cool dry location indoors when not in use.
