

# **Compact Over The Door Airer**

**LA081117FEU7**

Please retain instructions for future reference.

## **Care and use**

To ensure the proper use of the Overdoor Airer and to prevent any potential damage to your door, it is recommended to affix the four adhesive pads to the hooks. The placement of these pads will vary according to the dimensions of the door, and they can be trimmed if necessary to achieve a suitable fit. It is advisable to remove the hooks and airer when they are not in use and to store them safely. Please exercise caution, as the door may not close fully while the hooks are attached. Before securing the hooks to the door, confirm that the adhesive pads are applied to the inside of the hooks to avoid any damage.

Made in **China**.
