PRE-ASSEMBLY STEP 1 - SORTING PARTS

It is critical for ease of assembly that you take the time to sort and organize the parts and hardware.

HARDWARE PARTS:

- We recommend that you have a separate table to organize the hardware.
- Hardware bags are printed with a seven-digit, alpha-numeric part number.
- You can organize your hardware by part number or group by hardware type (i.e. bolts, nuts, etc.).
- During assembly you only need to reference the last four digits of the number.

TOOLS REQUIRED:

Cordless Drill or
Electric Drill

Drill Attachments:
Phillips Head

1/8" & 3/8" Drill
Bits

Phillips Screw Driver

Tape Measure
