

Wiring Device Spacer & Shim (25 Pack)

Part Number CA25
Category Number 6230
UPC 781002161707

Our Wiring Device Spacers are a non-conductive, low density polyethylene spacer strip that consists of 8 foldable segments that allow for 1/8" of spacing. They are intended to be used on single or multi gang boxes, recptacles, and switches. They are used for bringing receptacles and switches flush with the drywall.

Physical Characteristics
