

wet sounds

VENUE SERIES

The VS-8 PRO utilizes Wet Sounds' Horn Loaded Compression Driver (HLCD) technology, combined with a reinforced composite mid-bass driver, and features 4Ω and 70v adjustable tap settings, including 40W, 80W, 120W & 160W. The VS-8 PRO provides a balanced sound for large, open-air environments. The weatherproof enclosure features Wet Sounds' reaction technology, consisting of opposing dual aluminum passive radiators to deliver superior bass response.
