Panel Accessories

For Both Solid And Perforated Panels

Monitor. Integrate. Alert. Peace of Mind.

Applications

We stock and supply lifters for both solid and perforated panels as well as mounting hardware and brackets for easy storage.

Panels to Protect Both Your Facility And Staff

If you're pulling panels in your facility, make sure you have the right tools for the job. Panel lifters help you lift panels effectively and safely – without damaging panels or putting yourself at risk of injury.

Additional Raised Flooring Accessories

From pedestals and stringers to adhesive and rivets, we can provide all the supplies you need to complete your raised floor buildout.

Double Cup Lifter

Double 5" cups with wall bracket (BRKT)

Stand Up Floor Panel Puller

Double 5" cups with wall bracket (BRKT), available in length of 33"

Perforated Panel Lifter Hook

Designed to efficiently lift perforated tiles without chipping the surface covering

Panel Accessories · Compatible with both Triad solid and Triad perforated panels
