

Aloha, friend!

Let's create an awesome chia garden together. Follow these simple steps and watch your garden come to life!

Disney
Stitch
Garden Planter

Let's Get Growing!

Step 1: Prepare the Play Mat

- * With adult assistance, carefully cut out the play mat on the side of the box.
- * Set the play mat aside for later.

Step 2: Set Up Your Garden

- * Place the clear planting tray into the top of the planter.
- * Put the compressed grow pellet into the tray.
- * Slowly add 2 tablespoons (30 mL) of water. Add more water as needed. Allow the pellet to expand.
- * Ask an adult for assistance to use scissors to open the top of the pellet as needed.

Step 3: Plant Your Seeds

- * Wait until the grow pellet has fully expanded.
- * Sprinkle a small amount of chia seeds evenly over the surface.

Tip: Do not use too many seeds at once, or it will inhibit growth. Save extra seeds for a future planting.

WARNING:
CHOKING HAZARD - Small parts.
Not for Children under 3 years.

Step 4: Water Your Garden

- * Use the included water dropper to water the seeds gently.
- * Keep the soil moist, but not soaking wet.

Step 5: Add a Message

- * Place the sticker on the speech bubble that says, "Ohana means family."
- * Insert the speech bubble into the top of the garden as shown.

Step 6: Decorate Your Play Mat

- * Use the included stickers to decorate the play mat.
- * Place Stitch on the mat to create your own island-inspired scene.

Step 7: Watch It Grow!

- * Place your garden in a bright location.
- * Continue using the water dropper to keep the soil moist.

In just a few days, you'll see your chia plants begin to sprout and grow!

After the Growing Fun

When your planting project is complete, your planter can continue bringing fun to your desk! Use him to hold paintbrushes, pencils, pens, or other small supplies.

Have fun growing your planter —and remember, Ohana means family, and family means nobody gets left behind!
