Black Diamond Ice Storage Bin, 445 lbs Capacity, 30" W Freestanding, in Stainless Steel/Black

BDIB30

The Black Diamond Ice Storage Bin delivers durable and reliable ice storage for commercial kitchens, bars, and catering facilities, with a 445-lb capacity and freestanding design. Constructed from corrosion-resistant stainless steel and easy-to-clean plastic, it features a convenient lift-up door and includes all necessary installation components. Warranty coverage ensures dependable performance.

FEATURES AND CONSTRUCTION

- Stores up to 445 lbs of ice to support high-volume beverage service and food prep
- Constructed from corrosion-resistant stainless steel (304) with a hygienic, easy-clean plastic interior
- Designed to pair with compatible modular ice machines
- Ideal for large-scale ice storage in any front- or back-of-house location
- Evaporative cooling system maintains temperature for consistent ice storage
- Functions optimally in typical commercial kitchen temperature ranges
- Four 6" adjustable legs stabilize the ice storage bin and make cleaning underneath a breeze
- Freestanding bin with lift up door for convenient single-handed and flexible placement

INCLUDED COMPONENTS

- Ice scoop, 4 legs, 2 PTFE gaskets, plastic joint coupling, inlet hose with connectors, sink cap, drain hose for bin, drain hose for ice machine, ice bin drainage coupling

CAPACITY

- Daily Ice Production: 445 lbs. of ice storage
- Compatible with Modular Head(s): BDMH500, BDMH500H, BDMH1000, BDMH1000H

OPERATING REQUIREMENTS

- Temperature Range (Fahrenheit):
Min - Max Ambient: 41 - 104

BDIB30

Ice

Maximum Ice Storage Capacity	Compatible Heads	Drain Line (in)	Dimensions	Item Weight lbs	Shipping Weight lbs
445 lbs. of ice storage	BDMH500 BDMH500H BDMH1000 BDMH1000H	.75	32.80" x 29.90" x 45.10"	86.0	97.0

INSTALLATION

- A clearance of 2" from the wall is recommended to promote adequate cooling air circulation
- A gravity drain line is required to install this ice machine
- If a water filter option is not used, the performance and life expectancy of the machine will be greatly reduced. Suggested water filters are the TLC-107096 (single head), TLC-107097 (double head), and the TLC-3200S (replacement cartridge).
