

Novus CLU Plus

CLU Plus Heavy-Duty Monitor Arm

The Novus CLU Plus enhances ergonomic comfort by elevating a large monitor to its ideal viewing position. It features a space-saving design that tucks behind the monitor, smooth heavy-duty gas spring for precise adjustments, and internal cable routing for a clean look. This monitor arm is German engineered for durability and ideal for supporting a flat or curved screen up to 40". It includes a CLU Plus 3-in-1 mount with edge clamp, drill screw, and grommet mounting options.

Features | Benefits
