# NOLA

Nola surfaces are available in 5 shades, each one more brilliant and rich in detail than the last. Research and technical perfection have gone into making these surfaces perfect for any space. The three finishes - grip, matte and polished - make it easy to find the right surface for your needs. Whether you're looking for a sleek and modern look or something more traditional, Nola has the perfect surface for you. With so many options to choose from, you're sure to find the perfect match for your style.

For the height of panache and elegance, turn to the Nola collection. With a marble look and glossy finish this commercial tile lends itself to a beautiful opulence that truly defines any space.

# GLAZED COLOR-BODY PORCELAIN CARE & MAINTENANCE

## INITIAL CLEANING

Proper cleaning after installation is essential for future maintenance. Remove excess grout using clean water and a sponge. If grout leaves behind a white haze, it can be wiped off using a clean cloth after grout has cured. Stubborn residue may require the use of a grout haze remover solution or neutral detergent. Thoroughly rinse the area with clean water and dry with a clean towel or wet vacuum.

## ROUTINE MAINTENANCE

Immediately wipe up any spills and clean the area using a damp cloth or sponge. Remove loose soil using a broom or vacuum. To remove stubborn surface debris, use a scraper or putty knife. Wipe the area with a PH-neutral and soapless cleaner. Rinse with clear water and wipe dry to prevent residue. Do not use cleaning wax, oil-based cleaners, ammonia, sealants, or products containing acid or bleach for routine maintenance. Avoid using abrasive cleaning products such as steel wool.

WHEN IT MUST BE GREAT.

WHEN IT MUST BE READY.

WHEN IT MUST BE EXTRAORDINARY.

WHEN IT MATTERS MOST.
