

6IN RECESSED Ceiling joists, or in suspended ceilings Mounted • Damp Location Listed

Description:

6 Recessed New Construction Housing with Quick Link Connector for 6" Trim

Specifications:

- The housing and frame are constructed from die-formed corrosion resistant galvanized steel
- Its gasketed air-tight lamp housing prevents conditioned air from escaping into the attic space, reducing unnecessary HVAC energy usage, and the lamp housing compartment can be adjusted to fit ceiling thicknesses from 1/2 in. to 1 1/4 in.
- Wiring is made easy with the included wiring quick-connects that allow simple installation of 12-20 AWG wire without using separate wire nuts - simply strip supply wires and push in
- Bar hangers have a maximum span of 24 in. and are scored in two locations for fast, clean breaking, allowing housing installation in very narrow joist spacings, and Includes pre-installed framing nails on the bar hangers, making installation quick and efficient and the hanger bars include t-bar mounting clamps for use in suspended t-grid ceilings
- Features a universal J-box with snap-out sides
- Uses 1 BR40 light source (sold separately) 90-watt maximum
- The housing is compatible with a variety of trims and finishes
- CULus damp location rating makes this trim ideal for use in a variety of room settings where water may be present
- Fully dimmable with dimmable bulbs
