Round Handle Canes

DME Care Solutions Round Handle Canes offer lightweight support with a classic design. Featuring contoured foam or vinyl handles and durable aluminum construction, these canes provide reliable stability for daily use.

- Constructed from sturdy, yet lightweight anodized aluminum for everyday durability
- Classic rounded handle with contoured grip in choice of foam or vinyl
- Easy-to-clean frame supports hygienic maintenance
- Height adjusts from 27.5" to 36.5" to accommodate individual needs
- Non-skid rubber tip adds traction for added safety
- Ideal for use at home, in rehab centers, and other care settings
- Limited Lifetime Warranty
