

Salter Recycled Square Pan - Grs

BW14176

Please retain instructions for future reference.

Care and use

Our ovenware is designed for domestic oven use only, with a maximum recommended temperature of 220°C (Gas Mark 7). When using the ovenware, always avoid metal utensils to prevent damage, and never leave it unattended during use. After use, allow the ovenware to cool completely before cleaning. We recommend hand-washing with a mild detergent and a nonabrasive sponge, followed by thorough rinsing and drying. For your safety, always use heat-resistant oven gloves when handling ovenware, and never expose hot ovenware to cold liquids to avoid thermal shock. If you notice any damage to the ovenware, please dispose of it carefully and discontinue use.
