COATED CUT-RESISTANT GLOVES

Built for high-risk cut protection without sacrificing dexterity, the SpeedKnit™ S2EP90 combines HPPE and ArmorCore™ Cut Technology in an 18-gauge knit to deliver EN388 Cut Level F resistance. A sandy nitrile palm provides confident grip in dry, wet, and oily conditions, while a reinforced thumb crotch adds durability where it wears fastest. Seamless, silicone-free, and built for the sharp edges, sheet metal, and abrasive materials of demanding industrial environments.

FEATURES

- 1 High dexterity 18-gauge HPPE + ArmorCore™ Cut Technology knit construction protects against skin abrasions and lacerations.
- 2 Comfortable compression cuffs provide a secure fit.
- 3 Sandy nitrile palm coating is extremely tactile and offers good grip performance in dry or wet working conditions.
- 4 Cut performance meets EN388 Cut Level F.
- 5 Touchscreen capable to keep users safe and connected.
- 6 Crotch reinforcement between the thumb and index finger adds durability.
- 7 Silicone free.
