

Snap Disposable

PRIVACY CURTAINS BY STANDARD TEXTILE

STANDARD
TEXTILE est. 1940

SAVE TIME

Snap Disposable panels can utilize your existing track system. Panels are attached with an easy snap system, allowing for the replacement of only soiled panels—not the entire curtain. This avoids the need to remove the mesh and the potential for hanging the wrong curtain size.

QUICK SHIP AVAILABLE FOR STOCK CURTAINS

Our stocked options are available for quick ship within 48-72 hours of order placement.

SIZES AND FEATURES

Our stocked curtains come in five patterns. Sizes include 70" x 84" (Mesh Height: 25"), 70" x 93" (Mesh Height: 34"). Replacement panels are 70" x 60.5". Side snaps included on all sizes.

Note: Birch also offered in 70" x 108" (Mesh Height: 49").

IDEAL FOR HIGH INFECTION AND HIGH TRAFFIC AREAS

Disposable privacy curtains make a great solution for high infection and high traffic areas, including ICU, Emergency Department, Burn Unit, Dialysis, and more because curtains can be changed out frequently and easily. Labels on each curtain make it easy to keep track of when the curtain was put up.

INVENTORY MANAGEMENT AVAILABLE

Our disposable curtains can be paired with our CubeControl® Curtain Management App. Curtains can be quickly scanned to improve inventory management, confirm compliance with facility cleaning frequency policy, and promote a cleaner environment for patients and staff.

To learn more about our CubeControl® Curtain Management system, please visit us [online](#) or email IG@standardtextile.com

RECYCLABLE

Curtains are 100% polypropylene, and can be recycled.
