

# Neodymium Assemblies GRADE 42

These magnetic assemblies provide amazing strength in a small size. Magnets are made from neodymium, the strongest magnet material in the world. Use to hold or mount tools, equipment, lights, fixtures, and other items in warehouses, manufacturing facilities and work stations where a strong, small attachment is needed.

## Threaded Assemblies

- **Grade 42 Neodymium Magnets** - These rare earth magnets provide superior holding and strength in a small size
- **Zinc-Plated Housing** - Provides corrosion resistance
- **SAE Threaded** - Accommodates a range of standard fasteners and attachments
