

ARTERIO RS

JENKS WALL SCONCE

49109

White, Alabaster

The Jenks is a classically-modern design with fully faceted functional form. A white alabaster foundation is met with low-profile steel antique brass brackets that hug the edges, keeping the fixture tight to the wall. The natural veining of the alabaster is put on display when illuminated by the soft glow of two lights. Alabaster will vary. Certified for damp locations and intended for interior use.
