

# **Collapsible Dish Drainer**

**LA031051BEU7**

Please retain instructions for future reference.

## **Care and use**

To use the dish drainer, begin by removing all packaging materials. Then, unfold the dish drainer by placing one hand into the base while gently pulling the outer rim upwards with the other hand. Utilise the drainer as needed, ensuring that it is emptied before collapsing it for storage. To fold the dish drainer, simply push down on one side of the rim until it collapses, and continue to push around the edges until it is fully compacted. When stacking dishes, it is important to ensure that they are evenly distributed to prevent any breakages; always check that the dishes are balanced.

Made in **China**.
