
2M USB 3.0 A MALE TO B MALE CABLE (6.6FT)

54174 | [C2G](#)

FEATURES & BENEFITS

Just plug-and-play for hard drive enclosures, printers, modems, cameras, and other SuperSpeed USB peripherals. This cable provides a transfer rate of up to 4.8 Gbps when connected with a USB 3.0 compliant host and device. Foil and braid shielding reduces EMI/RFI interference and twisted pair construction helps reduce crosstalk thus ensuring SuperSpeed, error-free data transfer. Protective overmolded connector is color-coded blue to highlight USB 3.0 connectivity compatibility.

Please Note: USB 3.0 (4.8 Gbps) provides TEN TIMES the capability of USB 2.0 (480 Mbps); it also provides up to 900 mA power instead of the 500 mA available with USB 2.0. Type A connections are backwards compatible to USB 2.0 and even USB 1.1. Finally, while USB 2.0 cables will work with USB 3.0 devices (at the lower USB 2.0 transmission speed and power), you won't enjoy the SuperSpeed of USB 3.0 without connecting with USB 3.0 cables!

- PC and Mac® compatible
- USB 3.0 technology provides 4.8 Gbps
- Backwards compliant with high speed USB 2.0 devices (480 Mbps) as well as USB 1.1

SPECIFICATIONS

GENERAL INFO

Color: Black
Type: USB 3.0 A to B Cables
Component Type: Cables

DIMENSIONS

Height (US): 0.75"
Length (US): 7.5"
Width (US): 5.25"
Weight: 0.232 lbs

CORD INFORMATION

Connector Type End One: USB 3.0 A Male
Connector Type End Two: USB 3.0 B Male
