

BIO DEGREASER

Technical Data Sheet

Creation Date 19/12/2023

Version 1

Presenting CRC Bio Degreaser: A powerful, biodegradable solution designed to effectively eliminate grease and dirt. This versatile degreaser is suitable for various materials, such as mechanical components, metals, chains, sprockets, and even car alloys. It serves as an excellent and user-friendly substitute for traditional solvent-based degreasers and cleaners.

WHERE TO USE IT?

- **Bicycle drivetrain:** Revitalize your bicycle chain, cassette, and derailleurs by combating accumulated grime, old lubricant, wax residues, and stubborn grease.
- **Car Rim Restoration:** Shine up your car rims with Bio Degreaser, effectively removing all road grime and brake dust for a polished finish.
- **Engine Compartment Care:** Maintain your engine with Bio Degreaser, ensuring a clean and efficient engine compartment by effectively removing oil leaks and greasy accumulations.
- **Home and Garden Tool Revitalization:** Effortlessly remove stubborn dirt and grease from a wide range of tools and equipment around your home and garage. From garden tools to generator casings, Bio Degreaser keeps your gear in top condition.

HOW DOES IT WORK?

For a bike:

- 1 Apply a generous spray onto the chain and let the product naturally run off.
- 2 Continue until all the dirt is loosened and dripping off.
- 3 Allow the product to work its magic for 1-2 minutes!
- 4 Rinse with water.
- 5 A) Reapply Bio Degreaser to the chain; the product will leave behind a thin protective film.
B) Apply a specialty CRC bike lubricant or wax to protect the chain.

For other applications:

- 1 Spray on the dirty parts.
- 2 Let the product act for 1-2 minutes.
- 3 Rinse with water - the product fully emulsifies in water.
- 4 Let it dry or dry with absorbent cloth.
- 5 The part is clean.

Note: The product is biodegradable; there is no need to capture any excess product.

A SAFETY DATA SHEET (MSDS) ACCORDING TO REACH REGULATION 1907/2006 ART. 31 AND ITS AMENDMENTS, IS AVAILABLE FOR ALL CRC PRODUCTS.

TECHNICAL DATA

Appearance	Semi-transparent liquid
Specific gravity (at 20°C)	0.95 g/cm ³
Flammability limit	Non-flammable
Solubility in water	Emulsifies
VOC (g/L)	0
Plastic compatibility*	Compatible with PU, HDPE, PVC, ABS and PSU
Biodegradability (OECD 301)	>60%

*Water rinse is required.
