QX IN-WALL WITH QUADRATECH

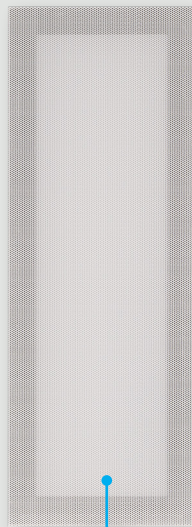

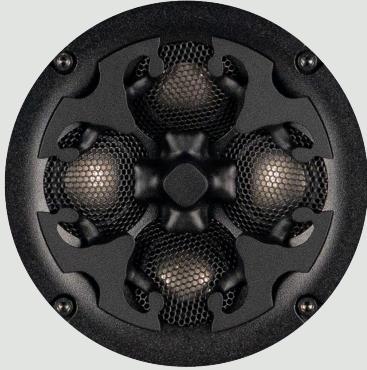

QX530QT | QX630QT | QX830QT | QX-SPL5QT

SOLD AS EACH

The James QX Quadratech series integrates our award-winning Quadratech tweeter technology that delivers exceptional performance improvements with even, consistent coverage. Combined with CDX crossover technology and neutral voicing, these speakers eliminate complex speaker corrections and allow integrators to focus on room optimization.

KEY FEATURES

James Quadratech Tweeter design uses advanced simulation and iterative machine learning to achieve astonishingly clear and balanced dispersion.
