

Merry Christmas!

Your gift was so big and special, it's taking my elves extra time to build it. Here's a top-secret preview of what we're crafting in the workshop just for you. We hope to have it ready very soon. I'm going to send some expert Santa helpers to your home to deliver and put together your gift after Christmas. (I'll be taking a well-deserved long nap then.)

Sorry for the delay. Hope you enjoy it as much as we had building it!

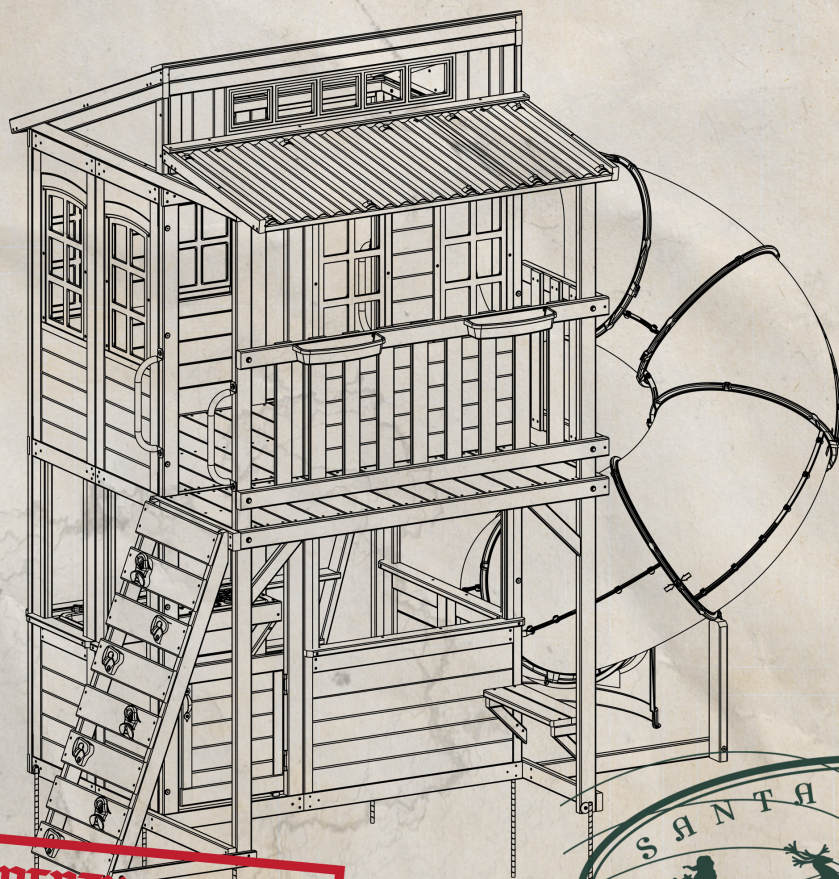

Stay on the nice list,

*Santa Claus*
