WATERPROOF WINTER GLOVES

The ColdWork™ M-Pact® Heated Glove is a groundbreaking product that delivers an intelligent, self-regulating, and activating Thermal Technology Heating System from clim8®, the strength of Durahide™ cowhide, ultimate insulation from 133g Primaloft®, and maximum knuckle protection from 4mm D30®. This glove combines revolutionary technology, materials, and protection to ensure that you are warm and can work in the harshest winter conditions.

FEATURES

- 1 clim8® intelligent Thermal Technology Heating System that automatically turns on when glove is placed on hand.
- 2 Heating system adjusts and regulates internal temperature based on body and outside temperatures for optimum hand warmth & temperature at all times.
- 3 Includes: (2) 7.4V, 3000 mAh Lithium-ion batteries and (1) 100-240V AC to DC 8.4V, 2A charger.
- 4 Easily accessible waterproof battery pouch for easy charging and connectivity.
- 5 Downloadable companion app for ability to personalize and easily adjust the thermal comfort to your exact needs.
- 6 Indicator light that notifies users when the glove is actively heating.
- 7 Built with super soft Durahide™ cow hide glove with heavy duty nylon stitching throughout for maximum strength.
- 8 Insulated with 133g Primaloft® Gold throughout for ultimate insulation in the most extreme conditions.
- 9 4mm D30® padding on knuckles and back of hand for increased impact protection.
- 10 Reflective piping on back of hand for high visibility at night.
- 11 Ergonomic palm design and hot stamp texture for maximum grip.
- 12 Touchscreen capable fingers to ensure you are always connected.
