Comfort and versatility
and an outstanding value.

Our Standard Classic fabric offers an excellent balance of performance and value. The 55/45 cotton/polyester plain-weave blend is made with ring-spun yarns that provide a soft, comfortable feel. Vat-dying maximizes color retention throughout the life of the scrubs, reinforced stress points optimize durability, and a crease-resistant finish ensures a crisp, professional appearance.

UNISEX V-NECK SCRUB SHIRT AP8505

This reversible shirt features a placket V-neck and set-in sleeves. Both sides of the shirt offer a 4.5" x 5" left chest pocket. Double-needle construction and a selvage bottom add durability. Color-coded size identification binding is sewn along the back of the neckline. Available in nine sizes, XS to 5XL.

UNISEX SCRUB PANT AP8515

These fully reversible pants offer a drawstring waist and a 7" x 7" square rear hip pocket on both sides. The polyester tubular belt has heat-sealed ends to eliminate fraying, and it is reinforced with a bartack at the back of the waist to prevent detachment. The belt is color-coded for size identification. Available in nine sizes, XS to 5XL.

UNISEX WARM UP JACKET AP8550

A rounded neckline, long set-in sleeves and color-coordinated knit cuffs distinguish this jacket. Five floating-ring stainless steel metal snaps line the front and two waist-level 7" x 7" patch pockets are located on either side of the opening. The right pocket is adorned with scissor tape. Available in nine sizes, XS to 5XL.
