

15006RA

5" Remodel Airtight Housing

Product Description

Suitable for remodel construction in residential and commercial applications. IC rated. Suitable for direct contact with insulation.

Housing

Aluminum construction provides greater heat dissipation. Washington State Energy Code approved to meet restricted airflow requirements. Airtight housing limits the exchange of air between ceiling plenum and heated/cooled areas. Integral thermal protector guards against improper lamping and misuse of insulation materials. 7 1/2" height allows use in 2" x 8" joist construction.

Junction Box

Listed for through branch circuit wiring and includes several 3/4" knockouts. Four pry-outs with integral strain relief simplify Romex installation. Supplied with three push-in wire connectors.
