

HIT™ INFLATABLE LIFE JACKET (MD315702)

Available exclusively from Mustang Survival, the HIT™ Inflatable life jacket is the only one of its kind. Designed and built for serious users, Mustang Survival pioneered the standards for inflatable work vests.

With a comfortable and low-profile fit, the MD315702 HIT™ Inflatable Life Jacket offers enhanced mobility and reduced heat stress, allowing crews and professionals to work more efficiently throughout the day. Its 35 lb buoyancy rating also means they'll have the added safety of extra flotation and self-righting when they need it.

Made for the most severe marine environments, the HIT™ Inflatable Life Jacket contains Hydrostatic Inflator Technology (HIT™) that offers reliable inflation in a low maintenance design that will automatically inflate when submerged in 4 or more inches of water, and not inadvertently due to rain, spray or humidity. This technology is exclusive to Mustang Survival in North America and maintenance-free for 5 years from date of manufacture or until inflated. Ideal for constant wear situations, hot, humid conditions and high-mobility requirements.

FEATURES:

- Approval: TC Marine - Can/CGSB 65.7-2007, Class 1 Category 2A
- Low maintenance Hydrostatic Inflator Technology only inflates when submerged in water, minimizing accidental inflation.
- Provides 35 lbs of buoyancy when inflated - twice the inflation of most foam PFD's
- Compatible with Re-arm Kit B (Model #MA5283)
- Low-profile inflation handle to prevent snagging and cause inadvertent inflation
- Offers greater mobility than foam life jackets
- Reduced heat stress
- Easy-to-clean fabrics

MODEL #	MD3157 02
SIZE	Adult Universal: 16+ years of age and 80 lb+ (36 kg+) with a chest size 30"-52" (76 cm-132 cm)
COLORS	ORANGE
RE-ARM KIT	MA5283

Strobe light holder, safety whistle and additional SOLAS reflective tape visible when inflated

Includes back-up oral inflation tube
Provides 35 lbs of buoyancy when inflated – twice the flotation of regular foam work vests
