

Technical drawing of the inside of a 36-inch pocket door. The drawing shows the internal frame and components. Key dimensions and features are labeled:

- 36" Pocket Width**: Dimension across the top of the door frame.
- 1 1/8"**: Dimension for the top flange.
- 36" Inside**: Dimension across the bottom of the door frame.
- 36" Pocket Depth**: Dimension along the left side of the door frame.
- 32 5/8" Drain**: Dimension for the drain area on the left side.
- 4"**: Dimension for the bottom flange.
- 1 9/16"**: Dimension for the bottom flange.
- 1"**: Dimension for the bottom flange.
- One Inch Wide Molded Floor Flange**: Label pointing to the bottom flange.
- Recessed Receiver Flange Both Sides**: Label pointing to the recessed receiver flange on both sides.
- Slip Resistant Surface**: Label pointing to the textured surface on the bottom flange.

Technical drawing of the rear view of the ArmorCore Easy Base. The drawing shows the following dimensions and components:

- Overall Height:** $78\frac{3}{4}"$
- Subway Tile Pattern:** Indicated on the upper portion of the rear panel.
- 24" Grab Bar:** A vertical grab bar on the right side.
- 18" x 33 1/2" L-Grab Bar:** A horizontal grab bar on the right side.
- Fold Up Seat:** A horizontal seat that can be folded up, with a height of $19"$ when folded down.
- Horizontal Dimensions (from left to right):**
 - $36"$
 - $40"$
 - $42"$
- Vertical Dimensions (from bottom to top):**
 - $1"$ (at the bottom right corner)
 - $34\frac{3}{4}"$ (from the bottom to the top of the fold-up seat)
 - $39\frac{3}{4}"$ (from the bottom to the top of the grab bars)
- Location of ArmorCore Easy Base:** Indicated at the bottom right corner.

Technical drawing of a door assembly showing dimensions and optional features. The drawing includes the following labels and dimensions:

- Water Outlet Optional
- 30" Slide Bar Optional
- Valve Optional
- 37 $\frac{1}{8}$ "
- 18"
- 10"
- 4"
- 6"
- 30"
- 78 $\frac{3}{4}$ "
- 43"
- 39 $\frac{3}{4}$ "
- 34 $\frac{3}{4}$ "
- 1" COL Threshold
- 1" Lg. x 1" Hg.
- 35" Inside Flat

This diagram illustrates the cross-section of a trench drain installation. Key components and dimensions include:

- 2:1 Change Of Level Threshold:** The sloped surface leading into the drain.
- Floor Flange:** The top edge of the drain cover.
- Sub Floor:** The existing floor surface.
- 5 1/2":** The total width of the trench drain assembly.
- 4 5/8":** The width of the trench drain body.
- 1":** The height of the floor flange above the sub floor.
- 3/4":** The height of the trench drain body above the sub floor.
- Trench Drain:** The main drainage component.
- 2 Degree Slope To Drain:** The slope of the floor surface leading to the drain.
- Easy Base:** The base material supporting the drain.
