LANASHIELD SKIN PROTECTANT CREAM

4 OZ. TUBE

WeCare LanaShield Skin Protectant Cream features a high-lanolin formula designed to help soothe irritation due to diaper dermatitis and other skin irritations. LanaShield is easy to use, non-greasy, and helps to protect chafed skin and seal out wetness. This protectant cream helps to prevent thickened skin from becoming hard and brittle, while helping to protect skin prone to ulcers. Conveniently packaged in 4 oz. tubes to best suit a wide range of long-term care facilities, home care settings, and more.

- * High-lanolin formulation skin protectant designed to help prevent and relieve irritation due to diaper dermatitis, denuded skin, and minor burns
- * Ideal for dry, cracked, or reddened, skin, cracked heels, and fissures on feet
- * Helps protect ulcer-prone skin
- * 24 per case
