

- 1. **Check the date**
 The date is printed on the top left of the label. It is important to check the date before using the product. The product should be used within the shelf life.
- 2. **Check the storage conditions**
 The product should be stored in a cool, dry place, away from direct sunlight and moisture. Do not store the product in a refrigerator or freezer.
- 3. **Check the packaging**
 The product should be in its original packaging, which is sealed and undamaged. Do not use the product if the packaging is torn or if the seal is broken.
- 4. **Check the instructions**
 Read the instructions carefully before using the product. Follow the instructions exactly, and do not use the product if you are unsure of how to use it.
- 5. **Check the expiry date**
 The expiry date is printed on the bottom right of the label. Do not use the product after the expiry date.

READ FIRST

Read the instructions carefully before using the product.
