

Imagination can come from anywhere, especially if it is hidden inside of a play tent or found in a maze of tunnels. Since 1993, Pacific Play Tents has been recognized as the unsurpassed standard for quality products. All of our products are easy to use, versatile and durable enough for years of imaginative play. For 30 years, we have been providing families and classrooms with safe, fun and creative ways for them to create, connect and explore the world around them.

WEIGHTS AND MEASURES ARE APPROXIMATIONS AND MAY VARY DUE TO THE MANUFACTURING PROCESS.

Pursuant to the state of California requirements, our materials and coatings cannot present an acute or chronic hazard to users from any available toxic substance, without proper labeling and warning. Despite these substances being present in very low amounts, actually measured in parts per million, the labels and warnings need to be present on the item and/or packaging. These products are safe and are generally regarded as suitable for their intended purpose. Many of our items will contain these warning labels out of an abundance of caution, to help placate larger retailers who request the warning labels. If you would like to further research the topic of Proposition 65 warnings, please visit: https://www.p65warnings.ca.gov. As always we stand by our products and assure that they will not cause our customers harm, as long as they are used with all stated safety and proper use precautions.
