KALLISTA®

With more than 40 years of expertise, KALLISTA designs luxury solutions for kitchen and bath spaces that ignite desire. We define desire as experiences that create a deep human connection. When you see, touch, and use our products it stirs emotions. We draw inspiration from around the world and fuse it into a new perspective on interior design. A perspective that is unique and distinctly KALLISTA.

From Unlacquered Brass to Matte Black, KALLISTA's decadent range of finishes turns faucets and fixtures into stunning, one-of-a-kind showpieces. Created in complex layers to allow the color to penetrate the metal, each finish is crafted to elevate the feel of a space with a touchable warmth and dramatic aesthetic. The composition of the finish is as purposeful as it is beautiful. The pristine original color and appearance can be maintained with regular care and cleaning.

▲ PVD (Physical Vapor Deposition) finish.

ADA & Water Sense Information

Americans with Disabilities Act (ADA)

All products displaying this symbol or stating "ADA compliant" will comply with the applicable ADA requirements as stated in the Americans with Disabilities Act of 1990 when installed per the appropriate sections of the 2010 ADA Standards for Accessible Design, as follows:

FAUCETS: Faucets with lever, wristblade, blade, cross/tri-/six-prong or T-handles, and Touchless products, comply with the actuation force limitations of the 2010 ADA Standards for Accessible Design, Section 309 Operable Parts, of the Act, except as otherwise noted.

BATHTUBS: Baths will comply with the Americans with Disabilities Act when installed per the requirements of the 2010 ADA Standards for Accessible Design, Section 607 Bathtubs, of the Act.

BATHROOM SINKS: Bathroom Sinks will comply with the Americans with Disabilities Act when installed per the requirements of the 2010 ADA Standards for Accessible Design, Section 606 Lavatories and Sinks, of the Act.

TOILETS: Toilets will comply with the Americans with Disabilities Act when installed per the requirements of the 2010 ADA Standards for Accessible Design, Section 604 Water Closets and Toilet Compartments, of the Act.

Plumbing codes require elongated toilets and elongated, openfront toilet seats in public bathrooms.

KITCHEN SINKS: Kitchen Sinks will comply with the Americans with Disabilities Act when installed per the requirements of the 2010 ADA Standards for Accessible Design, Section 606 Lavatories and Sinks, of the Act.

WaterSense®

The WaterSense label is a great place to start when you're looking for water-saving products that perform. Products that carry the label offer reduced water usage while meeting strict performance requirements. An Environmental Protection Agency program, WaterSense promotes water-efficient products, programs and practices throughout the United States.

All products displaying this symbol comply with WaterSense requirements.

WaterSense-labeled KALLISTA faucets and showering components offer significant water savings over standard products without sacrificing performance.

For the most current information on KALLISTA WaterSense-labeled faucets, visit www.kallista.com

Ready-To-Ship Program

KALLISTA is committed to keeping select high-demand products in stock and ready for immediate shipment. Sell KALLISTA with confidence, regardless of timelines, for bathroom and kitchen projects. Availability subject to change. For larger quantities, lead-times will vary. Please contact customer service at 1-888-4KALLISTA for current lead times

The Ready-to-Ship (RTS) program offers the following benefits:

- **REDUCED LEAD TIMES:** RTS SKUs and rough-in items are available to ship within 3 days on average. Lead time calculated based on order entry date.
- **PROVIDE GUIDANCE:** Assist sales associates when working with a customer that needs product quickly.
- **OFFER A COMPLETE SOLUTION:** Allow consumers to select KALLISTA with confidence.

Note: KALLISTA stocks additional products beyond the RTS program. Lead times vary (2 - 10 days).

Please visit kallista.com/readytoship for the complete list of Ready-To-Ship products and finishes.

The GUISE faucet collection, inspired by classic modernism and realized through the lens of American contemporary style, exudes elegance with every meticulous detail. Profound but not overpowering, this sparse and intentional silhouette features refined proportions considerate of the spaces it inhabits. GUISE is cerebral yet emotive, distinctive and sculptural, with striking symmetry that demands to be seen.

GUISE COLLECTION

GUISE COLLECTION

002™

by KALLISTA

Seamless uninterrupted form takes shape in the 002 collection with its soft round curves and innovative no-profile aerator. Hand crafted and hand assembled by global artisans, 002 suits minimalist and transitional luxury alike. 002 extrapolates cues from the classic pill shape, then blends, slices, and melds them back together to curate soft, modern forms. The collection offers five luxurious finishes and three meticulously curated natural stone options in Rose Quartz, Statuary White Carrara, and Zebra Jasper.

ONE NAZARÉ COLLECTION

ONE NAZARÉ COLLECTION

Central Park West

by Robert A.M.
Stern Architects

With its elegant curves, symmetrical harmony, and signature knurling and fluting, this sophisticated bathroom collection unites pillars of Neo-Renaissance architecture with nods to the landmark buildings that still define New York City's Central Park West and serve as icons of timeless elegance.

A selection of products within this collection is in stock and ready to ship. Please visit kallista.com/readytoship for the complete list of Ready-to-Ship products and finishes.

VIR STIL COLLECTION

VIR STIL COLLECTION

In our Vir Stil® Minimal Collection designed by Laura Kirar, form is balanced with a quiet, efficient functionality. With its gracefully arching spout and sleek tubular handle, the collection shines in transitional to contemporary spaces. Through the ebb and flow of eras and trends, thoughtful design and luxurious materials crafted with a modern eye ensure a space that will never go out of style.

Pinna Paletta®

by Laura Kirar

The vision of interior designer and creative director Laura Kirar, our Pinna Paletta collection projects a jewelry-like quality. Combining sculptural forms with textural patterns and a palette of lustrous finishes, it elegantly enhances its surroundings.

A selection of products within this collection is in stock and ready to ship. Please visit kallista.com/readytoship for the complete list of Ready-to-Ship products and finishes.

PURE PALETTA COLLECTION

PURE PALETTA COLLECTION

Featuring soft, symmetrical lines and a modern, fluid form that elevates everyday objects to an ornamental stature, our Per Se collection draws inspiration from Art Deco's foundational principles. Its standalone statement quality also validates its own name, "per se," which is Latin for "in itself."

A selection of products within this collection is in stock and ready to ship. Please visit [kallista.com/readytoship](https://www.kallista.com/readytoship) for the complete list of Ready-to-Ship products and finishes.

Grid®

by KALLISTA

A tribute to the De Stijl movement, our Grid collection harnesses the visual impact of geometric lines and negative space, stripping away the confines of traditional design to expose the intrinsic beauty of simplicity.

A selection of products within this collection is in stock and ready to ship. Please visit [kallista.com/readytoship](https://www.kallista.com/readytoship) for the complete list of Ready-to-Ship products and finishes.

TAPER COLLECTION

TAPER COLLECTION

Bandeau™

Showcasing unique showering designs that double as a work of art and are unconfined by the constraints of traditional waterways. Bandeau embodies form plus function delivering modern classic elegance with a transitional design highlighted by an unbroken signature band. This collection rethinks materiality in the showerhead category with multiple stone upgrade options.

A selection of products within this collection is in stock and ready to ship. Please visit kallista.com/readytoship for the complete list of Ready-to-Ship products and finishes.

Mechanical Showering

Craft a sleek, one-of-one showering experience with our Mechanical Showering collection. Its advanced single piece control accommodates up to four outlets, providing fine-tuning of temperature, volume, and spray experiences. Available in all our finishes to suit your personal style preference.

Kallista Mechanical Showering

P34718-00

**ONE-OUTLET
THERMOSTATIC VALVE
CONTROL PANEL WITH
RECESSED PUSH-BUTTON**

DETAILS

8-3/16" x 4-1/16"

Trim plate includes temperature control knob with integrated adjustable high-temperature limit stop and shower outlet on/off button.

When pressed once, shower outlet turns on and button pops out, becoming a knob for water flow adjustment.

When pressed back in, water turns off and outlet button aligns with control plate surface; flow setting remains intact.

Care & Cleaning Instructions

CARE OF NICKEL SILVER AND CHROME

Water conditions vary across the country. Chemicals and minerals in water and air can combine to have an adverse effect on the finish of your products. In addition, nickel silver shares similar characteristics and appearance with sterling silver, and slight tarnishing is normal.

We recommend that you rinse away any traces of soap and gently dry with a clean soft cloth after each use. This care will maintain the high* gloss finish of your KALLISTA product and avoid water spotting.

An occasional application of a pure, nonabrasive wax is helpful in preventing water spot buildup and light buffing with a soft cloth will produce a high luster.

To remove water spots and tarnishing, apply a small amount of Simichrome Polish™ to the fixture; rub briskly; wipe clean with a clean, soft cloth. Simichrome also contains a protective film to enhance maintenance.

NOTE: DO NOT USE ABRASIVE CLEANERS OR SOLVENTS
NOTE: FOR MIXED-FINISH PRODUCTS, USE APPROPRIATE CLEANING INSTRUCTIONS FOR THE COMPONENT FINISH

CARE OF BRUSHED NICKEL, GUNMETAL AND MATTE BLACK PRODUCTS

While KALLISTA luxury finishes plate to a greater thickness and higher quality than usual, they are still jewelry finishes and require special maintenance.

Water conditions vary across the country. Chemicals and minerals in water and air can combine to have an adverse effect on the finish of your products.

Rinse away any traces of soap and gently dry with a clean soft cloth after each use. This care will maintain the high* gloss finish of your KALLISTA products and avoid water spotting. These finishes are not recommended for outdoor application.

An occasional application of a pure, nonabrasive wax is helpful in preventing water spot buildup, and light buffing with a soft

cloth will produce a high luster. Do not allow materials such as toothpaste, nail polish remover or caustic drain cleaners to remain on the surface.

Over time, with constant cleaning, the surface of your product may begin to show wear. The wear will take the form of faint lines in the highly polished surface.

NOTE: MATTE BLACK, OR OTHER POWDER COATS, SHOULD BE CLEANED WITH A SOFT DAMP CLOTH USING MILD DISH SOAP OR A 50/50 WATER AND VINEGAR SOLUTION
NOTE: DO NOT USE ABRASIVE CLEANERS OR SOLVENTS.
NOTE: FOR MIXED-FINISH PRODUCTS, USE THE APPROPRIATE CLEANING INSTRUCTIONS FOR THE COMPONENT FINISH.

CARE OF UNLACQUERED BRASS

Brass will naturally tarnish or age quickly after little exposure to its environment, creating a beautiful brown or gray* green color.

Rinse away any traces of soap and gently dry with a clean soft cloth after each use. Brass polishing compound applied with a soft cloth will remove the patina and restore the brass to its original shine.

Water conditions vary across the country. Chemicals and minerals in water and air can combine to have an adverse effect on the finish of your products. These finishes are not recommended for outdoor application.

NOTE: DO NOT USE ABRASIVE CLEANERS OR SOLVENTS
NOTE: FOR MIXED-FINISH PRODUCTS, USE APPROPRIATE CLEANING INSTRUCTIONS FOR THE COMPONENT FINISH

CARE OF PVD FINISHES: POLISHED NICKEL (SN), BRUSHED BRONZE (BV), FRENCH GOLD (AF), STAINLESS (VS), BRUSHED MODERNE BRASS (2MB), BRUSHED FRENCH GOLD (BAF) AND BRUSHED NICKEL (BN)

Do not use cleaners containing ammonia, bleach or acid. Rinse thoroughly and use a soft cloth to wipe the product dry after each use.

Success with cleaners and procedures is dependent upon such factors as the hardness and temperature of the water, using exact measurements of ingredients, changes in cleaning formulas and the condition of the product being cleaned. Since there are variations within factors, KALLISTA cannot guarantee the effectiveness of the formulas mentioned.

Ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water deposits. It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your product looking beautiful.

Products to consider:

- Fantastik® Antibacterial Heavy Duty
- Green® Works All-Purpose
- Green Works Glass Cleaner
- Windex® Ammonia-Free

CARE OF ACRYLIC, CAST MINERAL OR CAST STONE PRODUCTS

Cleaning Your Acrylic, Cast Mineral or Cast Stone Products
Do not use abrasive cleansers or solvents on acrylic surfaces.

Wipe out acrylic, cast mineral or cast stone bath or sink with a soft cloth after each use.

Avoid detergents, disinfectants or cleaning products in aerosol cans.

If the surface becomes excessively dirty, use a general* purpose cleaner such as:

- Formula 409® All Purpose Cleaner
- Gel Gloss® (Bath and Shower only)
- Scrub Free® Mildew Stain Remover
- Mr. Clean® Lemon Fresh
- Cinch®
- Glass Plus®
- Fantastik® All Purpose

NOTE: TO RESTORE DULL OR SCRATCHED UNITS, APPLY

WHITE AUTOMOTIVE POLISHING COMPOUND WITH A CLEAN RAG. RUB SCRATCHES AND DULL AREAS VIGOROUSLY. WIPE OFF RESIDUE. FOLLOW WITH A COAT OF WHITE AUTOMOTIVE PASTE WAX. DO NOT WAX AREAS WHERE YOU WALK OR STAND.

Use a soft cloth to wipe the keypad and remote control after each use. If the surface becomes dirty, use a nonabrasive soap and warm water to clean.

CARE OF ACRYLIC BATHS WITH AIRJETS

Cleaning Your Acrylic Bath with Airjets
Do not use powdered cleaners unless the cleaner is fully dissolved in water. Solid substances could block the airjets.

Do not use full* strength bleach or ammonia cleaning solutions. Chemically active cleaning solutions can damage the bath surface.

Do not use abrasive cleansers or solvents on acrylic surfaces. Abrasive cleaners and solvents can damage the bath surface.

Wipe out acrylic bath with a soft cloth after each use.

Avoid detergents, disinfectants or cleaning products in aerosol cans.

If the surface becomes excessively dirty, use a general* purpose cleaner such as:

- Formula 409® All Purpose Cleaner
- Gel Gloss® (Bath and Shower only)
- Scrub Free® Mildew Stain Remover
- Mr. Clean® Lemon Fresh
- Cinch®
- Glass Plus®
- Fantastik® All Purpose

NOTE: TO RESTORE DULL OR SCRATCHED UNITS, APPLY WHITE AUTOMOTIVE POLISHING COMPOUND WITH A CLEAN RAG. RUB SCRATCHES AND DULL AREAS VIGOROUSLY. WIPE OFF RESIDUE. FOLLOW WITH A COAT OF WHITE AUTOMOTIVE

PASTE WAX.DO NOT WAX AREAS WHERE YOU WALK OR STAND.

Cleaning Your User Keypad and Remote Control

Use a soft cloth to wipe the keypad and remote control after each use. If the surface becomes dirty, use a nonabrasive soap and warm water to clean.

Maintaining the Airjets

If cleaning the airjets is required due to hard water deposits, use a small between*the*teeth dental brush and white vinegar. Dip the brush in the vinegar, brush the hole, rinse the brush in clean water and use the wet rinsed brush to rinse the hole.

Fill the bath with water to the top row of airjets. Drain the bath and press the purge button.

Flushing Your Air Bath System

1. Flush your air bath system twice a month or more, depending upon usage.
2. Use the following sequence:
3. Fill bath with water 1" (2.5 cm) above the top of all airjets.
4. While bath is filling, carefully add 1 cup of bleach to the water.
5. Let sit for 10–15 minutes.
6. Drain the water, run the purge cycle and rinse any debris from the bath.
7. Clean bath surfaces as needed with recommended cleaners.
8. Dry the bath with a clean, soft towel.

CARE OF CAST-IRON BATHS

Water conditions in various parts of the country will determine any extra cleaning attention you give your cast*iron tubs. In the meantime, a simple daily care routine will keep your cast*iron tubs fresh and sparkling.

KALLISTA does not recommend the use of harsh abrasive cleaners on any of its products. If used regularly, harsh cleaners will scratch and destroy product surfaces. In the rare occurrence of stubborn stains, use abrasive cleaners sparingly. NEVER use abrasive cleaners without water. Rinse thoroughly after each use.

Use a soft cloth to wipe the product dry after each use. Use a soft, nylon brush on the tub's bottom surface. Do not use steel wool or abrasive sponge pads.

CARE OF CAST BRONZE

Bronze is a metal that dates back several thousand years. By nature, bronze develops a dark, rich "living" patina finish that will darken and change over time. Bronze is susceptible to the environment to which it is exposed. Quality of water and exposure to sunlight are two factors that will influence the patina process. This changing appearance is recognized as the natural beauty of bronze.

Bronze is a durable, but soft metal. It can be scratched or scuffed. Care should be taken as to how the metal is treated. Although the product is waxed at the manufacturer, wax is only a temporary barrier. We recommend regular waxing to protect your vessel's finish. Follow maintenance instructions to prevent undesirable changes.

Cleaning

Do not use any abrasive cleaners, pads or polishes on the finish. These will damage the patina. When cleaning, a soft wet rag with a VERY small amount of dish soap can be used. After cleaning, carefully rinse the surface and dry it with a soft dry cloth.

For the traditional polished bronze (PTB), rinse away any traces of soap and gently dry with a clean soft cloth after each use. Brass polish compound, such as Brasso, can be applied with a soft cloth will remove the patina and restore the finish to its original shine.

For satin (TSB) or white satin bronze (WHB), brass polish compound, such as Brasso, can be applied with a maroon scotchbrite pad to remove away water marks or stains.

Care

Do not allow water, mouthwash or toothpaste to rest on the bronze surface for a prolonged amount of time. Avoid having household chemicals make contact with your bronze bowl. Rinsing and drying lavatory bowls after each use will prevent harsh watermarks

Waxing

A paste wax should be applied after each cleaning. Due to the textured pattern, powder coat or matte finish on the exterior side, we suggest waxing only the interior side of your bowl. Once you are certain that the surface is completely dry, a new layer of wax should be reapplied. Remember that your wax is only a temporary barrier; wax regularly to protect your sink's finish.

Restoring

If vessel has been poorly maintained and typical cleaning is ineffective, you may use a very fine grit steel wool pad (preferably 000). Buff gently to remove stains, too much force will remove an undesirable amount of finish. Rinse and dry, then wax and buff. Wax should be allowed time to bond to vessel before buffing.

NOTE: DO NOT USE ABRASIVE CLEANERS OR SOLVENTS

CARE OF STAINLESS STEEL SINKS

KALLISTA Stainless Steel sinks are the highest quality with Nickel content to guard against corrosion. All our sinks are 18 gauge with a thick Hushcoat undercoating for superior sound absorption.

The sinks are made of type 304 quality stainless steel with an 18% chromium and 8% nickel content. This provides excellent resistance to stains and corrosion. To achieve their striking finish and high wear resistance, the sinks go through a number of polishing and buffing operations.

Stainless steel sinks should be cleaned at least once a week. Use cleaners in moderation and rinse immediately; do not let cleaners sit on the surface of the sink. Sinks should be rinsed and wiped out after each use so soap buildup doesn't occur.

Success with cleaners and procedures is dependent upon such factors as the hardness and temperature of the water, using exact measurements of ingredients, changes in cleaning formulas and the condition of the product being cleaned. Since there are variations within these factors, KALLISTA cannot guarantee the effectiveness of the formulas mentioned.

Cleaning products recommended include:

- Fantastik® Antibacterial Heavy Duty
- Formula 409® Antibacterial All Purpose
- Windex® Ammonia-Free
- StainlessSteelCleaner + Polish
- Bar Keepers Friend® Soft Cleanser

DO NOT USE METAL SCOURING PADS or rust stains may appear in the sink. Also do not allow rusty utensils to remain in the sink.

DO NOT USE A RUBBER MAT. Organic particles under the mat may decay and cause the sink to be stained.

Avoid soaking dishes for a long period of time and refrain from leaving coffee grounds, tea bags or pottery with rough bottoms in the sink.

Some chemicals such as chlorides may corrode stainless steel. Make sure you rinse the surface immediately if you use a cleaner with chloride. Do not allow cleaners to remain in contact with the sink for long periods of time.

CARE OF WOODEN CUTTING BOARDS

KALLISTA cutting boards are made of beautiful natural materials. Color variations are typical, adding uniqueness and character to the board. To keep your cutting board looking great, please follow these simple care and cleaning instructions.

DO:

- Wipe the cutting board surface with a damp cloth, and dry it thoroughly after each use
- Apply a coat of mineral oil to all cutting board surfaces regularly (especially if the material appears faded or dried out)
- Store the cutting board in a dry, well-ventilated area when it is not in use
- Keep these care and cleaning instructions for future reference

DO NOT:

- Clean the cutting board in a dishwasher
- Immerse the cutting board in water
- Use the cutting board in a microwave oven

CARE OF STONE

Although the product is sealed at the manufacturer, sealants are only a temporary barrier. Regular sealing is recommended to protect your stone's finish.

Cleaning

Use a neutral soap with warm water to clean. A neutral soap is any soap that you would use on your hands such as soft soaps or mild dish soaps. DO NOT use any soap containing abrasives and/or stain removing chemicals like chlorine. Soft sponges or soft cotton rags should be used in cleaning.

For heavier cleaning, it is recommended to use cleaners especially formulated for natural stone. Cleaners are available for general maintenance as well as heavy duty cleaning and stain removal.

Maintenance

A matte clear stone sealant should be applied every 3 to 6 months depending on use and water conditions. If the sink is used heavily (every day), the sealer should be applied every 3 months or earlier. If the sink is only used a few times per week the sealer can be applied every 6 months or earlier. A key indicator that a sealer is required is when water no longer beads on the surface of the stone.

General

Although the use of a high*quality penetrating sealer reduces the potential for deep, difficult*to*remove stains, please note that sealing is not fail*safe. It is best to keep chemicals such as chlorine (bleach), fingernail polish remover, fingernail polish, oils, paints, etc., away from the sink.

Spills should be wiped up as soon as possible. Stone, like any other natural product, will age and patina, adding to its beauty and character.

CARE OF MIRRORS AND MIRRORED PRODUCTS

Mirrors and mirrored cabinets and their interiors are constructed of glass and aluminum. Use only a damp cloth to clean. Ammonia or vinegar-based cleaners can damage the mirrors; the use of these cleaners can attack and damage the edges

and backing of mirrors. A 50/50 solution of water and isopropyl alcohol is recommended for cleaning the mirror.

Cleaners should never be sprayed directly onto the face of a mirror. When cleaning, spray the cloth and not the cabinet, mirror or surrounding surfaces. Care should always be taken to avoid getting the edges and backing of the mirror wet. Should they get wet, dry immediately.

Do not use abrasive cleaners on any part of the mirror or cabinet.

Do not store items in the cabinet area directly behind the hinge, as damage may occur to cabinet or items.

CARE OF VITREOUS CHINA

Toilets and Sinks

Water conditions in various parts of the country will determine any extra cleaning attention you give your vitreous china. In the meantime, a simple routine of daily care will keep your vitreous china products fresh and sparkling.

KALLISTA does not recommend the use of harsh abrasive cleaners on any of its products. If used regularly, harsh cleaners will scratch and destroy china surfaces. In the rare occurrence of stubborn stains, use abrasive cleaners sparingly. NEVER use abrasive cleaners without water.

Soft abrasive cleaners may be used to clean KALLISTA vitreous china products. Use a soft cloth to wipe the product dry after each use

Toilets

Use toilet bowl cleaners on the inside of the bowl only. Avoid tank*in cleaners as they can damage the flush valve or other working parts. Wipe any splashes of cleaner solutions from plastic or plated surfaces immediately. In the rare occurrence of stubborn stains, use abrasive cleaners sparingly. NEVER use abrasive cleaners without water.

Over time, hard water deposits may clog toilet rim holes and

trapways. To handle this problem, purchase a commercial cleaner that's recommended for the removal of hard water deposits. Follow all instructions on package.

Recommended cleaners:

- Scrub Free®
- Clorox Clean-Up®
- Soft Scrub
- Spi cand Span
- Comet® Bathroom Cleaner
- Lysol® Foaming Disinfectant
- Dow Bathroom Cleaner
- Bar Keepers Friend®
- CLR Bathroom Cleaner

CARE OF TOILET SEATS

Toilet Seats (in general)

Do not allow abrasive chemicals or cosmetics (such as fingernail polish or aftershave) to come in contact with the toilet seat, as they can damage the finish.

Use a damp soft sponge or cloth to clean the toilet seat. Rinse seat clean and dry with a soft towel. Let seat air dry and ensure hinge area dries completely.

Plastic or Molded Toilet Seats

Clean the outside surface of your toilet seat with a mild soap such as dishwashing liquid and warm water. Wipe the entire surface completely dry with a clean, soft cloth. Use soft abrasive cleaners when necessary to clean your toilet seat. Do not use strong abrasive cleaners, as they will scratch and dull the surface. Wipe any cleaner solution splashes from plastic or plated surfaces immediately.

If the surface becomes excessively dirty, use a general-purpose cleaner such as:

- Fantastik® All Purpose
- Lysol® Basin, Tub & Tile Cleaner
- Soft Scrub® All Purpose
- Scrub Free® Disinfectant Bathroom Cleaner
- Scrub Free Mildew Stain Remover

- Clorox Clean-Up®
- Spic and Span Liquid
- Gel Gloss®
- Comet® Liquid Bathroom Cleaner
- Mr. Clean® Lemon Fresh
- Scrubbing Bubbles® Bathroom Cleaner
- Cinch®
- Glass Plus®
- Bar Keepers Friend®
- Bon Ami®

Painted Wood Toilet Seats

Painted wood seats require special care and cleaning. Use only a mild detergent, such as dishwashing soap.

General Sales Terms & Conditions

This price guide is not an offer to sell to any person who possesses it, nor to anyone else, the goods listed herein at the prices shown. These prices supersede previous price guides and quotations and are subject to change without notice. All prices are U.S. dollars.

PRICES: All prices in this price guide shall be superseded by KALLISTA's prices in effect at the time of order entry unless KALLISTA has given a firm quotation in writing and Purchaser has placed an order and Purchaser causes the goods to be shipped within the time periods specified in the quotation.

All prices are F.O.B. KALLISTA's factory, and do not include taxes or freight. Prepaid freight charges may not reflect the actual freight cost due to handling, redelivery charges, storage, etc. All prices are subject to change without notice.

TERMS AND CONDITIONS OF SALE: Purchaser's acceptance of all or any part of goods ordered from KALLISTA shall constitute Purchaser's acceptance of KALLISTA's terms and conditions of sale set forth on the order confirmation or invoice unless Purchaser objects in writing prior to acceptance of said goods.

KALLISTA's terms and conditions of sale set forth on the order confirmation or invoice will constitute the entire agreement between KALLISTA and Purchaser with respect to the subject matter of a sale and will supersede all prior agreements, negotiations, understandings, representations and warranties, whether written, oral or otherwise, and may not be modified except in writing signed by the parties. The terms and conditions of any document used by Purchaser to communicate its order of goods and any terms and conditions that could be implied on the basis of course of performance, course of dealings, usage of trade or otherwise are expressly excluded.

All proposals, negotiations, and purchase orders, if any, will be merged into a sales order confirmation or invoice.

ORDERS: All orders must be in writing and must specify the products by the part number and descriptions contained in the KALLISTA product catalog and price guide.

SALES TAX: KALLISTA is required by law to charge applicable

sales tax unless proof of purchase for resale is provided at the time an order is placed.

DELIVERY: All products will be shipped by common carrier of KALLISTA's choice unless a carrier preference is otherwise stated, in which case KALLISTA will use all reasonable efforts to ship via the stated carrier. All products will be shipped at the purchaser's expense and risk unless other arrangements are specified at the time the order is accepted. KALLISTA reserves the right to deliver all of the goods at one time or in portions from time to time within the time of delivery set forth in the order. The risk of loss of the goods shall pass to the purchaser at the time the goods are put into the possession of the carrier. In order to best service our customers we will adhere to our policy of shipping product and filling orders when product becomes available. We will not hold orders beyond thirty (30) days unless explicitly agreed upon in writing.

FREIGHT CLAIMS: KALLISTA's responsibility ceases when the goods are accepted by the carrier. All claims for freight, overcharge, loss or damage to goods while in transit must be settled with the carrier according to general freight terms and conditions. Claims against the carriers are to be filed by the purchaser. The purchaser should inspect all merchandise upon receipt, note any visible damage or shortage on the delivery receipt before accepting the shipment and retain the original packing list until the carrier makes its inspection. KALLISTA will employ all reasonable efforts to assist in collecting such claims.

WARRANTY: KALLISTA products are covered by five*year and one*year limited warranties as set forth in the back of this book.

CLAIMS BY PURCHASER: Any claims regarding quality or quantity of product must be sent to KALLISTA in writing within ten (10) days of receipt of the goods. Neither KALLISTA, nor its successors or assigns, will be liable for, nor will it recognize, any claims made after the start of installation unless such claims clearly fall within the terms of its warranty.

CANCELLATION OF UNSHIPED ORDERS AND RETURN OF MERCHANDISE: No returned merchandise will be accepted without prior written approval by KALLISTA in the form of a Returned Goods Authorization (HRGA") number. All product

for which an RGA form has been issued must be returned to KALLISTA within forty*five (45) days of issuance. Any product not returned within that time frame will not be credited to the purchaser's account and no further RGAs will be issued for that product. All returned merchandise is at the purchaser's risk and cost. Please note that Whirlpools and Baths are made specifically per your order and therefore are considered a Custom Product. Refer to the chart below regarding cancellation and returns of this product.

	CANCELLATION OF UNSHIPED ORDERS	RETURN OF GOODS SHIPPED
STANDARD PRODUCTS AND STANDARD ORDERS	NO penalty	Return request must be for product in the current price book and fall within 365 days from invoice date (product marked with a ♦ throughout the price guide cannot be returned) There shall be a 25% restocking charge on all merchandise returned in saleable condition in original packaging Product opened or removed from packaging is not eligible for return Purchaser pays return freight
CUSTOM PRODUCTS (INCLUDING SPECIAL ORDER FINISHES), PROJECT ORDERS AND DISPLAY ORDERS	NO penalty when cancellation occurs within 24 hours of order placement NO cancellation after 24 hours	NO RETURN

Design Changes: KALLISTA reserves the right to make changes without notice in the design of the products or packaging.

One-Year Limited Warranty

Kohler Co. warrants its KALLISTA Hampstead® and Stafford® vitreous china products, stainless steel accessories and wooden accessories (collectively “Product”) to be free of defects in material and workmanship for one (1) year from date of purchase. This warranty applies only to Product purchased and installed in North America, Central America, the Caribbean and South America, excluding Brazil (“Americas”).

Kohler Co. will, at its election, repair, replace, or make appropriate adjustment where Kohler Co. inspection discloses any such defects occurring in normal usage. Damage caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will void the warranty.* Proof of purchase (original sales receipt) must be provided to Kohler Co. with all warranty claims. Kohler Co. is not responsible for removal, installation, labor charges, or other incidental or consequential costs. In no event shall the liability of Kohler Co. exceed the purchase price of the product.

IMPLIED WARRANTIES INCLUDING THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. KALLISTA AND/OR SELLER DISCLAIMS ANY LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state/province to state/province.

This is KALLISTA's exclusive written warranty.

Five-Year Limited Warranty

Kohler Co. warrants its KALLISTA Brand products* (“Product”) to be free of defects in material and workmanship during normal residential usage for five (5) years from date of purchase. This warranty applies only to Product purchased and installed in North America, Central America, the Caribbean and South America, excluding Brazil (“Americas”).

Kohler Co. will, at its election, repair, replace, or make appropriate adjustment where Kohler Co. inspection discloses any such defects occurring in normal usage. Damage caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will void the warranty.** Proof of purchase (original sales receipt) must be provided to Kohler Co. with all warranty claims. Kohler Co. is not responsible for removal, installation, labor charges, or other incidental or consequential costs. In no event shall the liability of Kohler Co. exceed the purchase price of the product.

IMPLIED WARRANTIES INCLUDING THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. KALLISTA AND/OR SELLER DISCLAIMS ANY LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state/province to state/province.

This is KALLISTA's exclusive written warranty.

KALLISTA's Hampstead® and Stafford® vitreous products, stainless steel accessories, and wooden accessories carry a one year Limited Warranty.

Limited Lifetime Warranty on PVD Finishes and Cartridges

KALLISTA warrants its faucets* manufactured after January 1, 2018 to be leak and drip free during normal residential usage for as long as the original consumer owns their home. If the faucet should leak or drip during normal usage, KALLISTA will, free of charge, mail the cartridge necessary to put the faucet in working condition. This warranty applies only to KALLISTA faucets purchased and installed in North America, Central America, the Caribbean and South America, excluding Brazil (“Americas”). KALLISTA also warrants all other aspects of the faucet or accessories and PVD finishes** to be free of defects during normal residential use for as long as the original consumer owns their home.

KALLISTA will, at its election, repair, replace, or make appropriate adjustment where KALLISTA inspection discloses any such defect. Damage caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will void the warranty***. Proof of purchase (original sales receipt) must be provided to KALLISTA with all warranty claims. KALLISTA is not responsible for removal, installation, labor charges, or other incidental or consequential costs. In no event shall the liability of KALLISTA exceed the purchase price of the faucet. If the faucet is used in public space, for commercial, industrial, or institutional purposes, or is installed outside of the Americas, KALLISTA warrants the faucet to be free from defects in material and workmanship for One (1) year from the date of purchase.

When used in a leased or rented residential single or multi-family unit, including duplexes, townhomes, condominiums, and apartments, KALLISTA the free defects workmanship for a period of ten (10) years to the original consumer installations in public, industrial, or for any business considered commercial use, referenced above.

This is KALLISTA's exclusive written warranty.

* Non-Vibrant and painted or powder coated finishes, fittings; all items within the “Fixture Related” section of the KALLISTA Price Book, drains, Duostrainer® sink strainers, soap/lotion dispensers are covered by KALLISTA's five-year limited warranty. Faucets used in commercial settings, and outside of the Americas, are covered by KALLISTA's one-year limited warranty.

** Excluded from this warranty are specialty and exclusive finishes including Organic, non-Vibrant®, non-chrome finishes.

*** Never use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents not recommended for KALLISTA finishes. This will void the warranty. See Care & Cleaning recommendations at Kallista.com/clean

One-Year Limited Warranty Commercial/Multi-Unit Projects

Kohler Co. warrants its KALLISTA Brand products* ("Product") to be free of defect in material and workmanship for one (1) year from installation date.
