Drymax Airer

Please retain instructions for future reference.

CARE AND USE

3 Year Guarantee*

Please retain instructions for future reference.

Assembling the airer: Remove all of the packaging from the airer.

To assemble, take hold of the top of the airer and lift upwards until the locking clips are secured into place.

For extra drying space, slide the hooks on the corner pieces outwards to hang extra items.

To collapse the airer for storage, take hold of the top and unclip one side.

Keep hold of the top bars, as you unclip the other side and slowly push it to the ground.

Caution: Never drag the airer, as this will place unnecessary strain on the legs.

Distribute weight evenly, starting from the lower bars, to ensure the airer is stable.

Maximum load is 15 kg.

Do not overload the airer.

Never move once laden.

Take care not to trap hands when opening and closing the airer.

Suitable for indoor use only.

Made in China

Manufactured by: UP Global Sourcing UK Ltd, Victoria Street, Oldham, Manchester OL9 0DD. UK
Ultimate Products Europe Ltd, 19 Baggot Street Lower, Dublin, D02 X658. ROI
