

HOT / COLD PACK COVERS

Dynarex Hot / Cold Pack Covers are convenient, disposable covers designed to help protect skin from direct contact with hot or cold packs. These premium covers are made from soft, durable materials for optimal comfort and reliable coverage.

- Designed to help protect skin from direct contact with hot and cold packs
- Durable, non-woven covers offer reliable coverage and temperature regulation
- Soft fabric design helps to reduce the risk of skin irritation for optimal comfort
- Sealed seams minimize the risk of leaks and provide long-lasting durability
- Covers are disposable for optimal hygiene and convenience
- Ideal for first aid kits, sports, home care, and professional use
