Warranty Scope:

This limited warranty is not transferable by the Warranty Holder to any other party, including but not limited to a subsequent purchaser of the Residential Building or Commercial Building in which the Flooring is installed.

Where required by applicable law, in the event CALI cannot repair the Flooring, CALI will reimburse the Warranty Holder according to the terms noted above, including any reasonable installation costs, less the amount directly attributable to use by the Warranty Holder prior to the discovery of the issue covered by this limited warranty. Otherwise, labor costs, including any expenses associated with installation and removal of defective Flooring, are not covered by this limited warranty. To the extent permitted by applicable law, these are the sole and exclusive remedies of the Warranty Holder in the event of a Manufacturing Defect or other warranty claim.

How to Obtain Warranty Service:

The Warranty Holder must inspect the Flooring for Manufacturing Defects caused by improper milling, grading, staining, and coating, and report any such defects to CALI, prior to installation of the Flooring. To obtain warranty service, the Warranty Holder must contact CALI's Customer Experience Department: warrantyclaims@calibamboo.com/ 888-788-2254. Warranty claims must be received within 30 calendar days after the Warranty Holder identifies the Manufacturing Defect or other basis for a warranty claim. To be covered under this CALI limited warranty, the Warranty Holder must provide documentation of sales order and proof that the Flooring was properly installed in accordance with the Installation Guide (defined below).

Cali Bamboo reserves the right to retain a certified and independent National Wood Flooring Association inspector ("**NWFA Inspector**") to verify the Warranty Holder's warranty claims. The determination of the NWFA Inspector regarding the warranty claim is not binding on either CALI or on the Warranty Holder. A determination that does not verify the warranty claim shall not affect the Warranty Holder's right to submit its claim to arbitration in accordance with the terms of the Arbitration Agreement (as defined in CALI's Terms and Conditions of Purchase). The performance of the inspection, however, if requested by CALI and assuming that CALI advances the full cost of the inspection as described above, is a requirement for the Warranty Holder to submit a warranty claim to arbitration under the Arbitration Agreement.
