

PRE-FILLED SALINE FLUSH SYRINGES

ITEM 7058 – 5 ML

ITEM 7059 – 10 ML

Dynarex Pre-Filled Saline Flush Syringes are high-quality integrated needle-free systems designed to effectively maintain the patency of indwelling intravenous access devices. These sterile Syringes come pre-filled for time-saving convenience, and to help reduce the risk of cross-contamination and syringe-generated blood reflux.

- Designed to maintain the patency of indwelling intravenous access systems
- Conveniently pre-filled with a 0.9% sodium chloride solution
- Helps reduce the risk of cross-contamination and syringe-generated blood reflux
- Features clearly marked graduations for accurate dosing
- Single-use syringes are disposable for optimal hygiene
- Sterile, non-pyrogenic and non-toxic
- Not made with DEHP, PVC, or natural rubber latex
- 30 per box, 15 boxes per case (individually wrapped)
