Frequently Asked Questions

What are the benefits of Power over Ethernet?

Power over Ethernet (PoE) provides a more reliable and consistent power and connection to your Video Doorbell Elite. With PoE, you'll never have to worry about charging a battery, and it connects to your router via an ethernet cable so you never have to worry about Wi-Fi dead spots or wireless interference. It's our most reliable way to keep your device powered and connected to the internet.

Can Ring Video Doorbell Elite operate on battery power?

No, Ring Video Doorbell Elite is designed to be powered over ethernet only.

What is Ring Protect?

Ring Protect is a comprehensive optional subscription service that lets you review, share and save every video and photo captured by your Video Doorbell Elite, plus a few extra perks. To compare and learn more about Ring Protect visit <https://ring.com/protect-plans> to choose a plan that works for you.

Do I need Ring Protect to use Video Doorbell Elite?

No. You can still use your doorbell or camera to watch over your home and answer the door from anywhere, even without a subscription to Ring Protect. Without Ring Protect, you'll still receive real-time notifications when anyone comes to your door, and you can answer the notifications to see, hear and speak to visitors in real time right from your mobile device.

However, without a subscription to Ring Protect, you won't be able to review any videos that you missed in real time, and you won't be able to save your videos or share them with anyone. Visit <https://ring.com/protect-plans> to learn more about Ring Protect and to choose a plan that works for you.
