

SILICONE COATED NEODYMIUM BLOCK MAGNETS

Incredibly Strong for its Size

These powerful Grade 45 neodymium block magnets are coated in a silicon rubber coating, making them water resistant and extremely durable. The innovative high-friction silicone coating not only prevents the magnets from scratching surfaces, but give them unbeatable sheer strength for amazing holding capabilities. Each magnet features center hole for quick and easy mounting with screw.

Features

- *Superior sheer strength, especially on vertical and smooth surfaces*
- *Silicone-coating prevents scratches, chips and breaks*
- *Perfect for aquariums, construction sites, outdoor applications and more*
