Non-Bordered

ITEM 3011	2" × 2"	10 / bx	12 bx / cs
ITEM 3012	4" × 4¼"	10 / bx	12 bx / cs
ITEM 3013	6" × 6"	10 / bx	12 bx / cs

Dürma+ CuraFoam Dressings are non-bordered, sterile foam dressings designed to manage partial and full-thickness wounds. They provide a warm, moist, and cushioned environment to support the healing process.

- Maintains a warm, moist and cushioned healing environment
- Helps reduce the risk of bacterial contamination and supports wound healing
- High-absorbency foam dressings suitable for heavily exuding wounds
- Can be used as primary or secondary dressing for chronic and acute wounds at stages 2, 3, and 4
- Appropriate for use on lower extremity ulcers, donor sites, and partial- to full-thickness wounds
