

CALI[®] hardwoods varietals

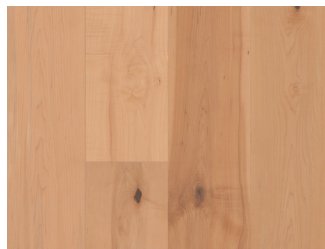

Clarified Ash

Pure Wood, Designed by Nature

In the world of winemaking, a varietal is a wine crafted from a single grape variety and named for that grape type. Inspired by this tradition, the Varietals flooring collection celebrates the unique character of a diverse range of wood species, presenting ash, acacia, hickory, and maple exactly as nature intended. All styles feature a clear matte finish and are left unstained to highlight the timber's natural color and grain. Select styles may have a light wire-brush texture, and some are cured to deepen color richness. Protected by a premium aluminum oxide finish for exceptional scratch resistance, Varietals blends durability with pure hardwood elegance.

Natural Hickory

Shaded Hickory

Cured Hickory

Natural Acacia

Natural Hickory

Just as Nature Intended

Wood is left unstained to let each species' natural beauty shine. This approach honors the purity of the timber, allowing its true character to take center stage in your home.

Boosts Dimensional Stability

Premium hardwood veneers are strengthened over a foundation of sustainable acacia wood. This layered plank design boosts dimensionally stability and gets up to 4x as much flooring from each tree.

Made for Healthy Homes

All timber is Lacey Act certified to preserve forest health, and planks are low-VOC, FloorScore certified, and CARB/ TSCA compliant to maintain optimum home air quality and wellness.

Construction	Engineered Hardwood - Green to the Core
Species	Ash + Maple + Hickory + Acacia
Plank Length	Random Length up to 74¾"
Plank Width	7½"
Plank Thickness	1/2"
Sqft./Box	23.31
Texture	Species Dependent: Smooth to Light Wire Brushed
Gloss	Matte
Veneer Thickness	2mm, Sliced
Bevel	Micro
Milling	Tongue-and-Groove
Finish	6 Coat Aluminum Oxide
Attached Pad	N/A
Certification	FloorScore®
Installation	Float, Glue Down, Nail Down
Application	Residential, Commercial
Warranty	50 Year Residential, 15 Year Commercial
